Seat Depth	

Please refer to the Technical Specification Sheet for further information

Service and Support

Knight Imaging offers service and support on our range of couches and chairs. We carry out one-off service calls, yearly preventative maintenance visits as well as offering support contracts.

Planned Preventative Maintenance

Our fully trained engineers service your couches and chairs ensuring that any potential issues are spotted and brought to your attention before they become a problem.

We typically carry out these types of services across entire departments ensuring the best possible lifetime of your couches and chairs. We will always arrange visits in advance to ensure a swift turnaround and to minimise disruption to your ward or department.

A preventative maintenance visit can be arranged whenever you think you need to have your equipment inspected and checked for faults or potential future problems. Just get in touch to discuss your equipment and make a booking.

Breakdown Response

Fully prepared, with a team of experienced engineers and an availability of parts for all the couches and chairs in the range, Knight Imaging is ideally placed to diagnose and repair in times of emergency.
